

Prepare for your listing appointment

We would like to help make your listing appointment as productive as possible. Here's a list that will help us get your home on the market and more importantly SOLD!

- * Your reasons for selling
- * Your desired closing and moving dates
- * Price you believe your home should sell for
- * List of features that make your home competitive with other properties on the market
- * List of recent improvements and/or repairs
- * List of any personal property that will remain with property (example: refrigerator, range, washer, dryer)
- * Copy of any recent appraisals and/or survey
- * Locate any warranties or documents to be conveyed to new owners

We look forward to working with you!
